Subrah,

Just a quick note to let you know that I am almost finished with the stage one work and expect to have a copy for you on Wednesday or so. Didn't want you to think that I'd dissappeared into thin air.

I've spent about 30 hours on this so far and expect to put in another 10 hours or so in the next few days. There's a lot of interesting new developments involving AOL and Netscape that I want to get some concrete info on.

Erin
